

TREASURERS REPORT 2015

Our finances are in very good order going into another beekeeping year, with the Grant Aid Monies from CBKA boosting our bank balance.

We are actively looking at ways of spending some of our funds to increase the Public's awareness of beekeeping and improve our members skill levels.

Our Marquee will hopefully last us for many years, but as it is sign written for us I will write down it's value over 2 years.

If any member has any specific points I am always ready to discuss them.
