

BULK PURCHASES 2015

A reasonable year in ordering of jars, fondant and syrup in bulk especially when it turned into such a poor honey year!

Temporary warehouse still thanks to Caven.

Profit from the purchase went into the club account. Cost to purchase £4,200.

Only one member has replied to my request for a new warehouse near Constantine. I will go and see Barbara and have a chat. It would be helpful if anybody willing would contact me.

I will send out an email later in the season to all members for this new seasons order.
