

## AGM Report for 2016

The swarm calls started from 15<sup>th</sup> May onwards. Much later than normal. I only received three calls. What a relief from previous years and I feel this is solely due to Colin and his wonderful updated list of names for the public to call. After being Swarm Co-Ordinator for three years I am passing the baton onto Carol Morrison who has very kindly volunteered to take over. A big thank you to all my swarm collectors who were so helpful and understanding over the past three years.
